WORKSTATIONS & COLLABORATION

ABOUT US

Who are Lavoro Design?

Workstations.

Designers. Manufacturers.
Partners. Specialists. Advisors.

At Lavoro Design, we're a group of enthusiasts and specialists in workstations, with an extensive background in improving people's working lives.

Companies need quality furniture that adapts to, supports, and empowers their greatest asset: people.

Which is why we make it easy for architects, designers, specifiers and dealers to stand out from the crowd using industry-leading workstations, including the largest range of height adjustable workstations in Europe.

WORKSTATIONS

...that people want to work at.

Workstations

Explore our comprehensive range of height adjustable and fixed height workstations, made for every style of work.

Find single and back-to-back workstations in hundreds of options available for next-day delivery to help you secure more projects.

Collaboration

At Lavoro Design, we help you improve the effectiveness of collaboration for your clients.

Discover how you can use our pioneering range of height adjustable collaboration tables to make small brainstorming sessions or 20-person boardroom meetings more efficient.

Accessories

To make workstations complete, you need functional accessories that keep users organised and efficient.

See how integrated cable management, storage units, screens, power and charging accessories and more help you meet client briefs and help workers perform their roles better.

Finishes

Make your workstations visually pleasing by specifying finishes that complement your design scheme.

Our thoughtfully curated décor collection includes a range of stylish desk frame colours, as well as desktop finishes across neutral solid colours, authentic woodgrains and bold textures.

WORKSTATIONS

ADVANCE

Our flagship workstation. The Advance features a clean Scandinavian design and offers the maximum height range on the market.

Trusted by leading architects, designers, dealers and specifiers in projects across the UK.

Simple. Elegant. Precise.

ADVANCE

In a nutshell

What makes the Advance stand out?

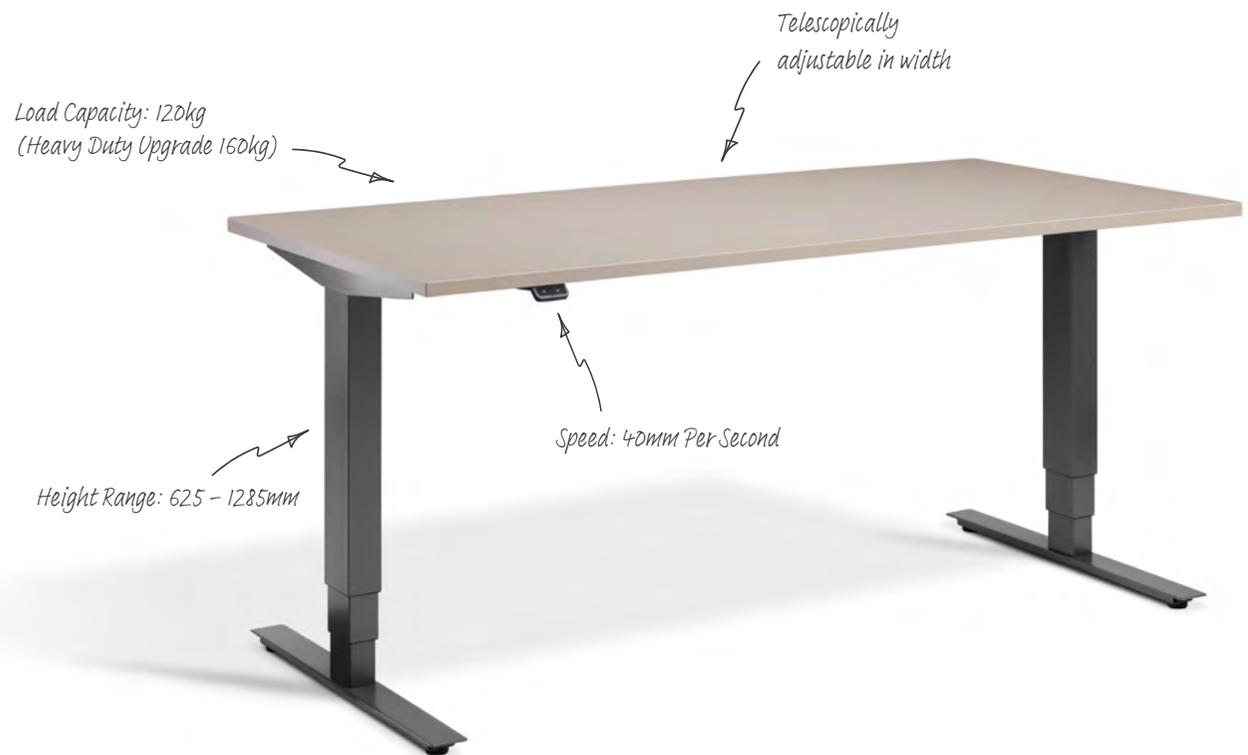

With an Advance desk in front of you, you'll find it's the full package. A blend of Scandinavian simplicity with the reliability you need from a workstation that's designed to last years in a forward-thinking workspace.

Warranty

10 Year Warranty on All Parts

ACCESSORIES

CABLE MANAGEMENT

Keeping cables tidy and out of the way

Cable Management Tray

The Cable Management Tray is adjustable in length and hinged for easy access to wiring and sockets. Available in all 7 desk frame colors.

Wire Cable Tray

Compatible with all height adjustable desks, the Wire Cable Tray is easily fixed to the desktop. Available in Black, Silver and White.

Cable Spine

The Cable Spine keeps a desk tidy and adjusts to any desk height, with a weighted base keeping it in place. Available in Black, Silver and White.

Executive Cable Port

The Executive Cable Port creates a premium look and texture in the desktop. Made from steel and available in a Matt Black or Brushed Nickel finish.

Cable Tidy Port

Manufactured in ABS for durability, the Cable Tidy Port comes with a sliding cover to enhance its appearance. Available in Black, Grey and White.

Rectangular Cable Port

The metal Rectangular Cable Port, placed in the back centre of the desktop, has a stylish thin design for managing multiple cables. Available in Black and Silver.

CONTROLS, POWER & CHARGING

Powering workstations and your devices

Hand Controls

A soft-touch up/down switch comes with our height adjustable workstations. A 4-Way Memory Control Switch can be specified instead to save height settings.

Bluetooth Operation

Bluetooth technology lets users control their desk with a phone app, offering functionality and health benefits.

Wireless Charging

Wireless chargers offer efficient desktop charging. Specify 2 models with different charging speeds and colours.

In-Desk Power

Available as a power socket only or with USB A and 65W USB C charging, in-desk power modules are available in Black and White.

On-Desk Power

On-desk power modules sit at the back of the desktop, offering power sockets, USB A and 65W USB C charging. Available in Black and White.

Under-Desk Power

Our modular under-desk power accessories provide all the power and connectivity you need to operate your workstations.

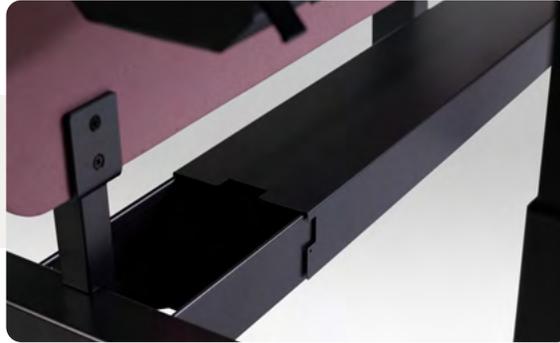

DUO ACCESSORIES

Accessories for the Duo workstation

Duo Upper Cable Tray

The Duo Upper Cable Tray is made from heavy gauge steel and features a hinged design for easy access to wiring and sockets. Available in all 7 frame colours.

Duo Lower Cable Tray

The Duo Lower Cable Tray, located at the bottom of the frame, has a sliding cover for hiding cables and easy access. Available in all 7 frame colours.

Duo Cable Chain

The Duo Cable Chain connects Upper Cable Trays to the shared Lower Cable Tray, organizing and protecting cables during height adjustments.

Duo Connecting Link Bar

The Duo Connecting Link Bar safely carries cables between workstations, attaching to the Lower Cable Trays. Available in all 7 frame colours.

Duo Screen Brackets

Supporting privacy screens, sturdy Duo Screen Brackets fit seamlessly to the frame and are available in all 7 frame colours.

SYNERGI ACCESSORIES

Accessories for the Synergi table

Synergi Cable Trays

Synergi Cable Trays, available in Black and White in two sizes, organize cables, power blocks and other storage items for effective meetings.

Synergi Cable Tray Side Covers

Optional Side Covers hide cables, keeping the Synergi table looking neat when raised. Available in Black and White.

Synergi Surface Covers

Surface Covers allow access to cable tray equipment and fit accessories like Power Modules and Cable Ports. Available in Black and White in 3 sizes.

Synergi Magnetic Cable Spine

The Synergi Magnetic Cable Spine runs alongside the Synergi frame leg, protecting cables and preserving legroom.

STORAGE & SCREENS

Increasing organisation and privacy

Vault

The Vault is a smooth-glide lockable drawer, ideal for storing phones, keys and wallets. Available in Black, Silver, and White in 2 sizes.

Form

The Form features soft-close, lockable drawers, an anti-tilt design, castors and a durable finish. Available in Black, Silver, and White in 3 sizes.

Single Desk Screens

We offer acoustic screens for various desk styles. Acting as a screen only or screen and modesty panel and supplied with brackets in all 7 frame colours.

Duo Screens

Screens for the Duo workstation are designed to fit the frame, providing privacy for the user. Supplied with brackets in all 7 frame colours.

Fixed Height Bench Screens

Screens for our Fixed Height bench desking are available in various styles and come with appropriate fixings.

OTHER ACCESSORIES

Offering health and functionality benefits

Modesty Panels

A range of 25mm thick Modesty Panels is available in matching decors to our stock desktops, offering privacy while cohering with the desktop.

Monitor Arms

Our Monitor Arm has height, tilt, and swivel adjustments for DSE compliance and supports VESA plates. Available in Black and White, Single and Twin.

CPU Holder

The CPU Holder keeps your CPU out of harm's way. Quick-release adjustment enables quick desktop installation. Available in Black, Silver and White.

Castors

Hooded and braked castors are compatible with our workstations, to make them mobile for flexible workspaces.

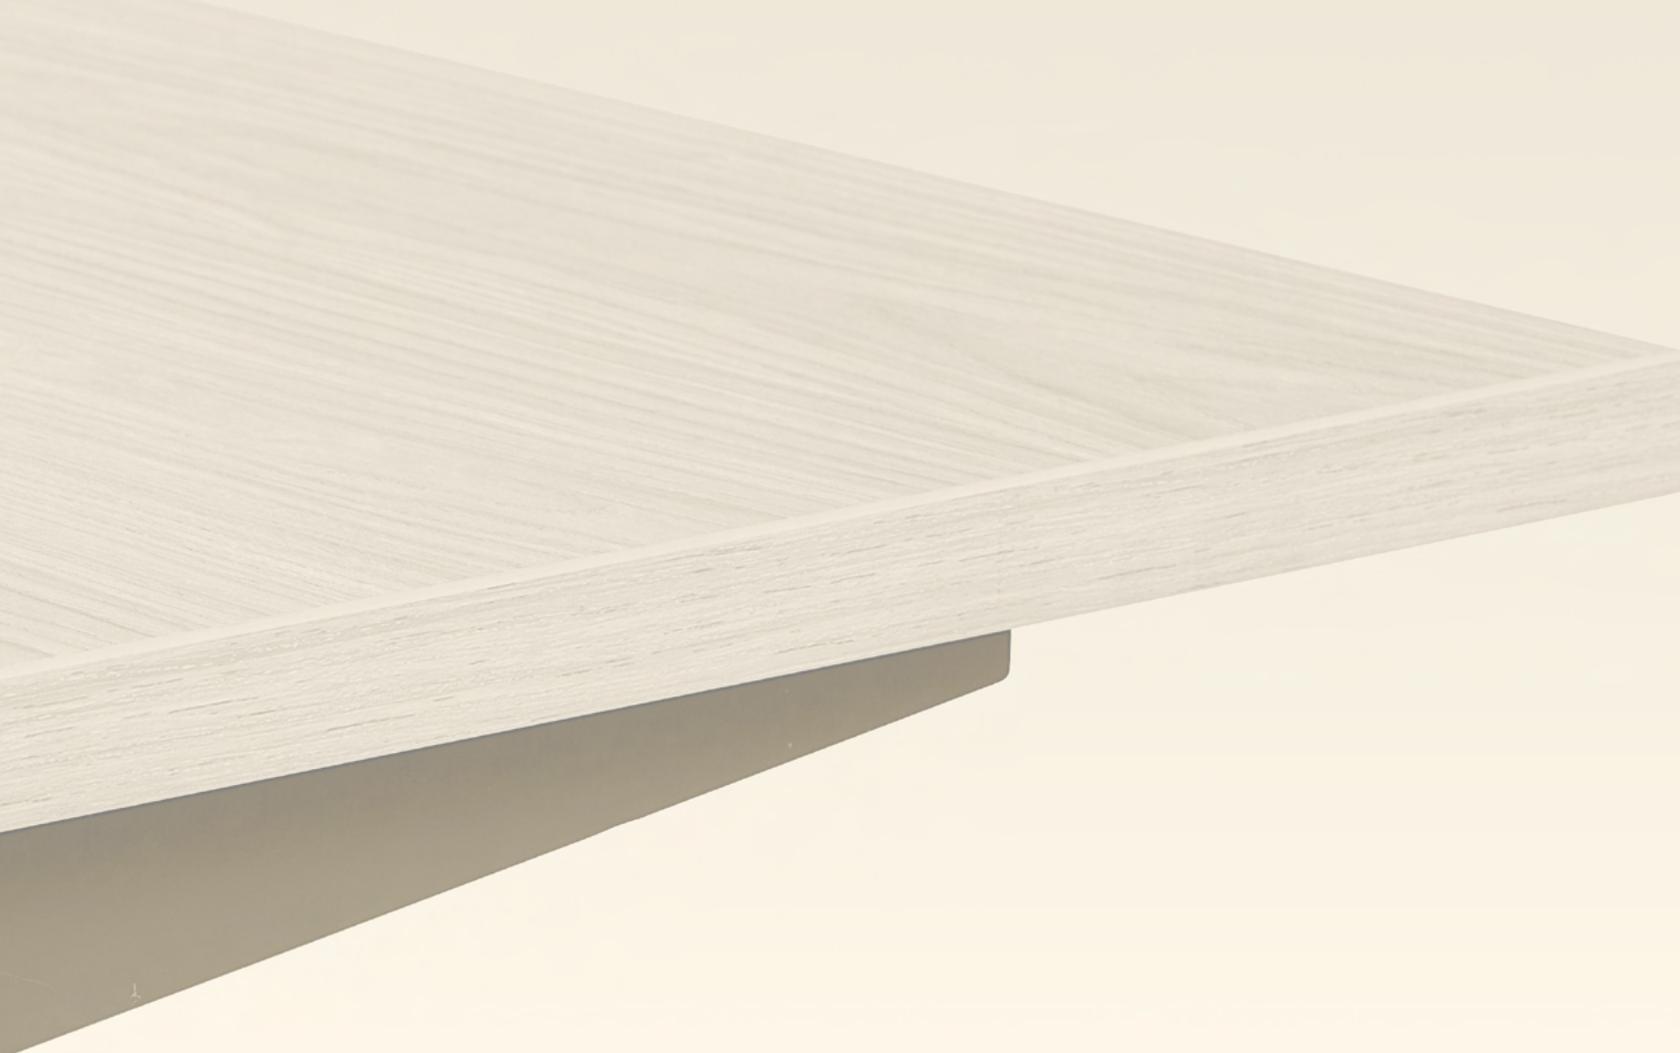

Standing Desk Mats

The Standing Desk Mat enhances blood circulation and relieves back pressure for added comfort. Bevelled edges make it castor-friendly. Available in 2 sizes.

View our full range of workstation accessories in our [Specification & Pricing Guide](#).
