## The Boss Design Group *Seating Collection*

Welcome to the 2015 North American Boss Design, Seating Collection.

As a business we are proud to be held in such high regard, as one of the market leading designers and manufacturers, of high quality office seating, upholstery and tables. We have enjoyed global success within this design-led sector and from our Factory in High Point NC, we can offer an unrivaled level of local service for our customers across North America.

Boss Design leads by example through the delivery of an intelligent and evolving portfolio, whilst maintaining the best ethical standards. We are very innovative in our design and are constantly looking at new products and engineering, to enhance the workplace even further.

Our seating ranges are at the cutting edge of design and feature first class engineering and workmanship, extensive tooled investment and incorporates only the finest materials and components.

## Our Approach *Design and Development*

The Boss Design Group's unique ability to tailor products to suit our clients' requirements has led the brand to global success.

Our Design and Development Team is made up of designers, engineers, model-makers and upholsterers, supported by an international network of freelancers with wide-ranging skills and experience. This team helps to drive our development program forward, ensuring that the products we manufacture are as environmentally friendly, ergonomically sound and inspiringly formed as possible.

01 | CONFERENCE  
+MEETING

# ARRAN

*Designed by Boss Design*

*The Arran range combines style and versatility, catering for the broad requirements of the modern workplace. With a sleek profile, the comfortable and fully upholstered stackable chair is available with or without arms and presents an adaptable meeting, visitor or bar stool option.*

*The option of a quilted stitch detail adds a relaxed design element. The chair and accompanying bar stool are available with either a skid or 4-legged frame. The chair may be specified with a 5-star base with castors.*

Specifications

# COZA

*Designed by Design Ballendat*

*Created in collaboration with renowned German furniture designer, Martin Ballendat, Coza is a task chair that boasts extraordinary comfort and dynamic support by using the natural flexibility of a single ribbon of material. Unlike other task chairs, it does not require multiple components or complex assembly.*

*Coza is visually and functionally unique, and is the perfect chair to facilitate flexible working in a modern office.*

Specifications

# DELPHI

*Designed by Boss Design*

*The definitive boardroom chair, Delphi combines the sumptuous finish of a lounge seat with an office chair's functionality.*

*Delphi demonstrates Boss Design's commitment to consult with industry leaders to ensure its designs meet the highest expectations.*

# DELPHI

SWIVEL CHAIR

*Designed with decision-makers in mind, the upholstered sprung seat and back, and superior tilt mechanism offer superb comfort, while gas height adjustment means the sitter can readily find the perfect commanding position.*

### Low back visitor

# KRUZE

*Designed by David Fox*

*Possessing presence and panache, the highly versatile Kruze chair will complement a range of environments and draws the eye to its elegant form. The gently sculpted contours and generous proportions, promise outstanding sitting comfort, while the choice of fully upholstered or with a contrasting Black American Walnut outer veneer, makes it adaptable for relaxed or more distinguished areas.*

*The Kruze collection is the ideal solution for a variety of applications and is available with either a recycled aluminum 4-star or 5-star base on castors.*

*Kruze is available with a painted laquered finish to satisfy our clients exacting requirements.*

The success of Kruze is enhanced by the scope of its product offer. A complimentary bar stool with or without a back on a 4-legged frame completes the range.

Specifications

# MARS

*Designed by Paul Brooks*

*Mars is a family of light and versatile meeting, visitor and conference seating. The refined construction of which belies strong and exceptionally comfortable chairs. The generously proportioned and flexible polypropylene seat, back and arms combine to offer a modern aesthetic. Mars may be specified with a choice of back, which includes injection moulded plastic, semi-upholstered or fully upholstered.*

*Plastic injection moulded back*

*Plastic injection moulded back with upholstered front*

*Fully upholstered back*

*The range consists of a 4-legged and cantilever chair, which may also be specified as a 4-legged with castors, 4-star or 5-star base on castors.*

*The range consists of a 4-legged and cantilever chair, which may also be specified as a 4-legged with castors, 4-star or 5-star base on castors.*

*With or without arms, the multifunctional chair incorporates practical optional additions such as a writing tablet and linking device. It will stack confidently up to four chairs high, or the 4-legged version will stack ten high with a trolley.*

# 02 | BREAKOUT + COLLABORATION

# ALBANY

*Designed by Boss Design*

*Elegant, compact and stylish; just a few words specifiers use to describe the Albany collection. With its soft, welcoming form and distinctive buttoned back, Albany is designed to complement any space.*

*Crafted with solid oak legs and top stitch detailing, the classic Albany range delivers a superior level of upholstery.*

Specifications

Armchair

Sofa

Large Sofa

Dining Chair

# ARTHUR

*Designed by Boss Design*

*This striking design is constructed with a hard wood frame resting upon a separate timber underframe.*

*The range includes compact sofa, large sofa and single seater and is available as high / low back option with a choice of plain or bump back upholstery. Directed more towards the hospitality market but well suited to the modern interior.*

## Specifications

# CALLISTO

*Designed by Rex Johnson.*

*The Callisto collection offers crisp contemporary lines and reassuring comfort, with a respectful hint of 1950's retro cool. These versatile designs possess a timeless appeal that will compliment any interior.*

The flared shape of Callisto provides a dramatic angled finish – visible from wherever you're standing. The stitching detail, achieved by 'quilt-ing' together the outer fabric with an inner foam to create deep ridges, creates Callisto's distinctive surface.

Specifications

# CEGA

*Designed by Boss Design*

*Totally symmetrical in form and boasting advanced acoustic qualities, Cega comprises of a profile cut tubular construction that features advanced internal heat welded vertical fluted upholstery. Its contoured design has been intentionally developed to reduce peripheral vision and external noise, whilst the open top structure allows for the correct level of ambient light to pass through the system.*

*Available as a 360 degree swivel unit for enhanced privacy, Cega is the ideal product for the modern working environment where personal touchdown spaces and informal meeting areas are the norm.*

Specifications

# COCOON

*Designed by Boss Design*

*Comfortable and ergonomically sound, Cocoon creates the ideal meeting space for informal environments. The high, upholstered structure absorbs ambient background noise providing complete privacy from the surrounding environment without the need for interior sub structures.*

Based around one simple unit, Cocoon can be used for team meetings, collaborative tasks or as a base for the day.

Specifications

# ENTENTE

*Designed by Boss Design*

*The Entente range provides an innovative, flexible break-out space, ideal for the corporate environment. Designed to offer numerous configurations, the informal meeting area offers both comfort and functionality; breaking up large, open plan spaces with a private seating arrangement.*

Across all configurations, Entente is available as a high or low back option and can be specified with power and data.

Specifications

# FAIRFAX

*Designed by Boss Design*

*The Fairfax collection has a confident and contemporary aesthetic. Designed in-house, the collection is ideally suited to corporate reception and executive lounge areas.*

*The armchair, 2 and 3-seater sofas demonstrate excellent attention to detail and a superior level of upholstery that would not look out of place in a domestic setting.*

Specifications

*Its distinctive design allows each stool to neatly nest together to create a multitude of configurations, including benching and individually shaped formations.*

# HOOT

*Designed by Boss Design*

*Hoot is a versatile and playful accompaniment to the Boss Design portfolio. Its practical structure offers a unique aesthetic that looks at home in any reception, breakout, bar or lounge area.*

*Hoot is available in a wide range of fabric choices to accompany any upholstery product from the Boss Design portfolio, making it the perfect auxiliary piece.*

Specifications

# KRUZE LOUNGE

*Designed by David Fox*

*A fusion of classic and contemporary defines the philosophy behind the Kruze Lounge chair. A striking visual and sitting experience, intelligent design combines with the finest craftsmanship. The high sculpted back and gently curving contours promise outstanding sitting comfort, while its distinctive profile makes it a stand-alone statement piece to enhance any executive lounge, reception or meeting area.*

Supported by a polished aluminium 4-star base, Kruze Lounge is available as a sumptuous fully-upholstered chair, with the choice of a contrasting Black American Walnut or Oak veneered outer as standard.

Kruze lounge is also available as a low-back edition. Its generous proportions look equally stunning whether fully upholstered or presented with a veneered outer back.

Specifications

# MAGIC

*Designed by David Fox*

*Magic is a compact, elegant stool that showcases great design, comfort and is exceptionally practical. It is ideally suited to informal reception, atrium or meeting and breakout spaces.*

*Available in a selection of fabrics, leathers and finishes, Magic is suited to purist office environments, where it adds splashes of vibrant colour that brings an environment to life.*

*Magic may be specified as a stool, island unit or coffee table and comes with a chromed, or white or black painted base.*

## Specifications

# MARNIE

*Designed by Boss Design*

*By combining elegant design, high quality upholstery and attention to detail, Boss Design have created Marnie, a lounge chair collection which portrays luxury and style. This understated lounge chair collection includes a high and low back arm chair, which is available on either a 360° swivel base or 4 leg steel base.*

*Offering exceptional comfort and considered proportions, Marnie is the ideal choice for breakout, reception and hotel lounges. Its full body can be upholstered in a wide variety of fabrics and leathers, with its angular back shape lending itself perfectly to two tone upholstery.*

## Specifications

High back swivel base

Low back 4 leg frame

Low back swivel base

# MR & MRS

*Designed by Boss Design*

*Designed in-house, the new handcrafted Mr. & Mrs. wing chairs pay respectful homage to their stately grandeur, whilst incorporating contemporary touches that make them suitable for today's hospitality and boutique hotel environment, and even the corporate arena. Designed to sit amiably alongside sofas and other furnishings, both chairs may be used as standalone pieces to make a bold design statement.*

*Both the height of the wing chairs and their corresponding details has been a careful consideration in the design appeal and personality of this duo. Whilst the high backed version offers a masculine feel with full under frame, full seat and wooden buttons, the low-backed chair comes complete with loose cushions, border, fabric buttons and leg detail. Such is the flexibility of this range that the detail from both chairs may be transferred to each other, if preferred.*

Specifications

Mr

Mrs

# PEEK & BOO

*Designed by Boss Design*

*Peek and Boo reflect the change towards a comfortable, informal working environment where single person work booths are the norm.*

Peek and Boo can be used independently to create private spaces in open plan environments, or alongside each other to enhance collaborative working.

Specifications

Peek

Boo

# RAFT

*If you're looking to create a flexible and productive working environment, there's a Raft of options available to you. Raft is a modular system available in a variety of configurations allowing you to create the seating solution you need.*

*Designed with agile working in mind, Raft modules include single and double benches, corner pieces and curved sections. Optional integrated power and data further establish this as the flexible seat for the flexible worker.*

Inspiring private spaces can be created using high back Raft units, which feature an upholstered screen to shut out the chaos around you. This makes them perfect for collaborative meeting spaces and ideal for any sudden breakout discussion.

Specifications

# SHUFFLE

*Designed by Boss Design*

*Shuffle provides an informal meeting space with endless configuration possibilities. Available as a high and low back option the contoured design enhances the acoustic properties and absorbs ambient background noise.*

*Based around one simple unit, Shuffle can be used for all current office functions associated with soft upholstery such as touchdown and breakout areas, meeting spaces and partitioning. Its ease of use allows users to rearrange their office from day-to-day, or even from hour-to-hour, depending on the task at hand.*

Specifications

# SWING

*Designed by Boss Design*

*Swing is an eye-catching lounge chair collection from Boss Design. Designed in-house, it has a refined and impressive aesthetic and offers an exceptional level of comfort owing to its sculpted and sumptuous form. The lounge chair features a stylish 4-star base and is available with a headrest. Swing is ideally suited to any front of house or corporate break out areas.*

## Specifications

## 03 | TASK CHAIRS

# COZA

*Designed by Design Ballendat*

*Created in collaboration with renowned German furniture designer, Martin Ballendat, Coza is a task chair that boasts extraordinary comfort and dynamic support by using the natural flexibility of a single ribbon of material. Unlike other task chairs, it does not require multiple components or complex assembly.*

*Coza is visually and functionally unique, and is the perfect chair to facilitate flexible working in a modern office.*

### Specifications

# MONEYPENNY

*Designed by Paul Brooks*

*Incorporating a stylish, breathable mesh-back and using the highest quality components, Money Penny is a versatile task chair with a superior level of comfort.*

*Ergonomically engineered, it has a range of adjustment controls for individual needs and an easily manoeuvred pad for optimum support in the lumbar zone. An optional headrest is also available.*

Specifications

# VITE

*Designed by Boss Design*

*Vite has been developed with simplicity in mind. Its design incorporates an ergonomically formed mesh-back and seat, along with a range of adjustments to ensure the most comfortable of sits for all users.*

*Vite is the ideal work chair for the modern office that dictates comfort, flexibility and style.*

*Incorporating a synchronised mechanism that responds to your requirements in the fewest of adjustments, the technology behind the chair ensures enhanced geometry and total comfort at all times. Vite's encased dual density mesh-back design offers maximum back support, negating the need for back height adjustment.*
